## CONFERENCE WORK AT OMAHA.

The Report of the Constitutional Committee Creates Confusion—The Committee on the Columbian Exposition Protest Against the World's Fair Being Open on Sunday.

OMAHA, May 11.—Bishop W. Fitzgerald presided at yesterday's session of the conference, and Dr. B. B. Hamlin led in devotional exercises. Chaplain McCabe, assisted by two of the secretaries, formed a very effective trio, and led the singing. It seems to be the prevailing opinion among the lay delegates that there will be no bishops elected at this session.

BISHOP FITZGERALD, committee on episcopacy was expected to report yesterday, but the committee was not ready on account of the fact that the colored brethren were pulling every possible string to secure the election of a colored bishop.

An effort is being made to bring the church north and south together, and communication has already been opened with officers of the church south by the committee on the state of the church.

Dr. King, of New York, offered resolutions requesting the general conference to take such action as it may deem best to secure the organic union of the Methodist Episcopal church, the Methodist church south and other Methodist churches. The resolutions were referred without discussion to the committee on the state of the church.

The special order of the day, the report of the constitutional committee, was called up at 10 o'clock and immediately there was a confusion. Dr. Buckley asked the conference to allow Bishop Merrill to speak on the question (a matter prohibited by the rules). Dr. Neely opposed it. Dr. Kynett, of the Iowa conference, favored the motion. Dr. Buckley again secured the floor, and made an extended speech.

Before a vote could be taken on the question the rules were suspended and the report of the committee on Columbian exposition was presented. The report heartily approved of the exposition but emphatically protested against opening the gates on Sunday. A telegram was ordered to be sent to congress at once heartily approving the world's fair appropriation bill, providing it be conditioned on Sunday closing.

The report of the committee on constitution was then taken up and read and considered by paragraphs. Dr. Neely taking the floor to explain the first section. The first declaration was that the first three sections of the present discipline are constitutional. This was combated on the ground that it would compel all acts of the general conference to be reviewed by the annual conference.

Dr. Little, of central Illinois, Dr. Leonard, of Ohio, Dr. Curtis, of Chicago, discussed the matter in the negative. They held that portions of the alleged legislation are merely statutory laws and not constitutional provisions.

Under such a law the laymen legally could not hold a seat in the conference, and were here by suffrage only.

Dr. Butts, of Detroit, was opposed to the report for the reason that the definition was not, in his opinion, an adequate and proper interpretation.

Dr. Kynett, of Iowa, raised the point that if the report is not adopted then the lay delegates are not a part of this conference.

The report causing this discussion is this: "The present constitution of the delegated general conference is the document drawn up and adopted by the general conference of 1808, but modified since that time in accordance with the specifications and restrictions of the document, and is now included in Paragraphs 55 to 64, inclusive in the discipline for 1888. Excepting the statement as to the definite number of delegates provided for in Paragraph 55, which is an act solely within the power of the general conference under the permission of the second restrictive rules."

The exception is the bone of contention. It is contended that if that portion is not constitutional, but simply statutory law, then the laymen have no constitutional right in the conference.

John Fields, of Philadelphia, offered a resolution postponing the further consideration of the report until the next general conference in order to give the people of the church an opportunity to canvass and discuss the matter thoroughly. He made a strong plea for his resolution and was heartily applauded.

The substitute was voted down and a motion to lay the first part on the table and take up the second part was also voted down.

An unknown delegate at this juncture moved to adjourn, and to the surprise of all it was carried.

The report of the committee on memorials was made a special order for Friday at 11 a.m., by common consent.

Rev. Dr. Carnant, fraternal delegate from Canada, was presented to the delegates and then the doxology was sung.

The final report of the committee on episcopacy will probably come about Thursday or Friday of this week. The fight over the editorial chair of The Advocate at St. Louis is growing very interesting. It lies between Dr. Masden, of St. Louis; Dr. Bowman Young, of Kansas City, and Dr. Creighton, of the Nebraska Wesleyan university. Dr. Curtis, of Chicago, and Dr. Maxfield, of Omaha, are candidates for the position held by Dr. Stowe, of Cincinnati, agent

of the Book concern. Some very energetic wire-pulling is going on along these lines. The minutes are becoming voluminous, and a full hour every morning is consumed in reading and correcting them.

## POWDERLY IN POLITICS.

He Thinks That Presidential Lightning May Yet Strike Him.

PITTSBURG, May 11.—The first session of the international executive board, Knights of Labor, met in this city yesterday evening. Nothing of importance was considered last night owing to the non-arrival of A. W. Wright, of To-

ronto. In an interview with Mr. Powderly, that gentleman stated that for the present his political interests and those of the Knights of Labor were with the People's party, as its platform embodied the ideas of the working classes. When asked the name of the coming presidential nominee, he smiled and said facetiously:

"I can hardly do that as the presidential lightning might strike myself, and I don't fancy talking much about it; however, I am with the People's party and our course is contingent upon the action of the Democrats or Republicans. We have drawn up our declaration of principles and will support the party that embodies the most of those principles in their platform. If the Democrats or Republicans ignore our cause we will hold a convention in Omaha on July 4, and nominate a man for president. We favor unlimited coinage of silver and everything calculated to insure relief for the people and the decentralization of wealth."

Mr. Powderly denounced the electoral college and said its abolition was sought by the new party, as was also the abolishment of the senate. He believes that legislative power should be invested in only one house of representatives.

"I think that the world's fair should be as open on Sunday as on any other day, as Sunday is the only day of leisure to a large majority of the working class."

## Carpenters Strike.

MARION, Ind., May 11.—As a result of a nine hours' session Monday night, the journeymen carpenters on all buildings stopped work in the city yesterday. They decided to quit work until the contractors acceded to their demands of nine hours and twenty-five cents an hour.

The strike is the reigning street theme. Several contractors agree to an increase of twenty-five cents on a day of ten hours, or from \$2 to \$2.25, but the journeymen declare that they are open to no overtures except from contractors as a body. A strike organization was formed yesterday morning, and a strike committee appointed. At 2 o'clock in the afternoon the carpenters paraded, 250 strong, with flags and emblems and a band of music.

## Schools Closed by Scarlet Fever.

TORONTO, O., May 11.—After a consultation of the mayor, physicians, school directors and teachers yesterday, the public schools of this place, Fosterville and Markle were discontinued until the beginning of the fall term in September. This was done in an attempt to prevent an epidemic of scarlet fever which is raging in this vicinity. The disease is attributed to the sewage, which flows into the river near the water works.

## One Body Recovered.

HAMILTON, O., May 11.—The body of Miss Farul was found yesterday about 10 o'clock at the Rossville dam, near this city, by Officer Val Johnson and Saloon Keeper Andy Graf. They will claim the \$100 reward offered by Manager Noonan, of Woodsdale island. The remains were brought to Hamilton and sent to Cincinnati at once. The body was somewhat decomposed.

## Fell One Hundred Feet.

ZANESVILLE, O., May 11.—John S. Gault, aged twenty-four and single, while at work on the new overhead bridge spanning the river at Fifth street yesterday, slipped and fell one hundred feet to the water below, striking on his stomach and injuring himself so severely that he was drowned before he could be rescued. The body was recovered an hour later.

## Canadian Women Who Want to Vote.

NEW YORK, May 11.—A telegram received in this city from Ottawa, says: Eighteen thousand women have me morialized the Dominion parliament to be enabled to vote for members of that body. Prime Minister Abbott has informed Mrs. Mary McDonnell, of Toronto, the women's representative, that the women will be granted.

## Gravel Cars Wrecked.

BRAZIL, Ind., May 11.—Seven cars loaded with clay were wrecked on the bridge north of the city on the Vandals, north branch last evening. The rail spread, throwing the cars down the embankment to the creek below. Several of the switchmen of Tom Windom's crew were on the wrecked cars, but were only slightly injured.

## Almost There.

LONDON, May 11.—The American steamer Conemaugh, Captain Spencer, on its way to Libau, Russia, from Philadelphia, with grain, flour and provisions donated by Americans for the benefit of the starving Russians, passed Dunnet Head Sunday.

## Exploring Indiana Caves.

MITCHELL, Ind., May 11.—Several students of the Southern Indiana Normal college at this place are preparing to make an exploration of Hanner's, Donaldson's and other caves of this locality, some of which have romantic histories.

## Probably Recognized.

COLUMBUS, O., May 11.—Chief of Police Murphy thinks the horse thief who was killed at Lancaster Monday is the notorious horse thief Sheridan, who has been operating in southeastern Ohio and baffling the police for two years.

## NOTED FEMALES.

The Executive Committee of the National Council of Women.

CHICAGO, May 11.—The executive committee of the National Council of Women of the United States met in annual session yesterday at the Palmer House under the presidency of May Wright Sewall, of Indianapolis. The committee is composed of the five officers of the council and a vice president from each of the eleven societies which have so far been admitted for membership.

Those present were: May Wright Sewall, of Indianapolis; Ella Dietz Clymer and Isabella Charles Davis, of New York; Lillian M. Stevens, of Stroudwater, Me.; Rachel Foster Avery, of Philadelphia; Frances E. Willard, representing the National Woman's Temperance union; Susan B. Anthony, the National Woman's Suffrage association; Mary S. Lockwood, of Washington, the Woman's National Press association; Mrs. M. A. Davis, of New Hampshire, the National Free Baptist Woman's Missionary society; Mrs. M. R. Wallace, of Chicago, the Illinois industrial reform school for girls; Emilie B. Wells, of Salt Lake City, the National Woman's Relief society; Rev. Amanda Dey, of Providence, the Universal Peace union; Mrs. Emily Sherwood, of Washington, the Centenary Association of the Universalist church; Mrs. E. B. Grannis, of New York, the Young Ladies' National Mutual Improvement association; Dr. Jennie M. Lozier, of New York, the Sorosis, and Rev. Anna H. Shaw, of Philadelphia, the Winodoughis.

The entire council holds triennial meetings and the next should be held in Washington in 1894, but as the national will be the host of the international council meeting in 1893 it was decided yesterday to postpone it one year as the duties of preparation and entertainment in 1893 will be great. This summer will be devoted by the president, Mrs. Sewall, to work for the council in London and elsewhere abroad. The session of the executive committee was devoted to reports from the various committees.

## FIRE LOSSES.

Forty Buildings Burned at Fairville, New Brunswick—Other Fires.

ST. JOHN, N. B., May 11.—A look over the ruins at Fairville show that exactly forty buildings, exclusive of barns, were burned and that fifty-three families were made homeless. The loss exceeds \$75,000 and the insurance is less than \$30,000.

In response to a message from the mayor of this city the councillors of the parish sent a reply to the effect that many families require immediate relief. Already some people are clearing away the ruins for the purpose of rebuilding, but many will probably never rebuild, as they have lost everything.

## Twenty-Seven Horses Burned to Death.

NEW YORK, May 11.—Yesterday a fire broke out in the stable of Henry Guste on West Sixty-sixth street, destroying the building and roasting to death twenty-seven horses, belonging to various parties. The fire spread to a building adjoining, occupied in the upper floors by a number of tenants, who made their escape with difficulty and amid great excitement. Three firemen were injured. Loss from \$15,000 to \$20,000.

## Partially Swept Away.

RICHMOND, May 11.—The broom factory of the Goodman Manufacturing company was partially destroyed by fire last night. Loss, \$25,000; insured.

## Not Enough Water.

PETERBORO, Ont., May 11.—The Ontario Canoe company's factory at Ashburnham was destroyed by fire last night. Loss, \$25,000; no insurance.

## Lunched Off a Rattlesnake.

Bruce Moffat, of Springfield, O., Keeps His Word.

SPRINGFIELD, May 11.—Bruce Moffat, of this city, is one of the few citizens of Springfield who has lunched off a rattlesnake this spring. It seems that Mr. Moffat not long ago, while speaking to a friend about the scarcity of rattlesnakes in Clarke county, agreed to eat the snake if the friend could find one. As luck would have it, the friend, who is an enthusiastic sportsman, ran across a rattler not long afterwards, killed it and brought it back to town and presented it to his friend. True to his word, the latter had the reptile fried and ate a portion of it; just how much is not known, but enough to keep his word. He says it was tasteless.

## Crushed Into a Shapeless Mass.

BERLIN, May 11.—Five men lost their lives by the breaking of the cage chain at the Triekauaine colliery. The cage was at about the middle of the shaft, and filled with miners, when the chain broke. The cage fell with fearful rapidity, and as it struck the bottom it was crushed, with its human contents into an almost shapeless mass. Five were taken out dead from the wreck, and others are terribly injured.

## Farmers Discouraged.

CLARK'S HILL, Ind., May 11.—Wheat is heading but no corn is planted, nor is there 10 per cent. of the ground broken in this vicinity. The long-continued rains are discouraging the farmers, and many are prophesying that no corn will be raised this year. The seeding will be at least one month late, and the prospects are not flattering.

## Exploring Indiana Caves.

MITCHELL, Ind., May 11.—Several students of the Southern Indiana Normal college at this place are preparing to make an exploration of Hanner's, Donaldson's and other caves of this locality, some of which have romantic histories.

## Probably Recognized.

COLUMBUS, O., May 11.—Chief of Police Murphy thinks the horse thief who was killed at Lancaster Monday is the notorious horse thief Sheridan, who has been operating in southeastern Ohio and baffling the police for two years.

ANOTHER Republican convention has declared for free coinage. This time it is the Montana crowd.

The people of Maysville are accustomed to the vain boastings of a certain individual, and have learned just how to regard them.

MR. MYER'S bill to regulate the employment of children in factories seems to have been lost in the mass of matter pending in the Legislature.

EDITOR HATTON, of the Washington Post, doesn't regard the situation in Iowa as very encouraging for the G. O. P. In a recent interview he frankly admitted that "the State is about lost to the Republican party." Iowa is one of the States that rolled up a Republican majority of 50,000 and 60,000 not many years ago.

CZAR REED refers in a contemptuous way to the President as "that man Harrison," and says "he has no earthly chance for a renomination." The opposition that has developed of late to the President's second-term aspirations is no doubt as surprising to him and his friends as it is to some other people. It looks now very much like our neighbor will have to haul down that hat, and run up the American flag again.

### OFFICIAL CALL

Issued by the Democratic Executive Committee for Precinct and County Meetings

To the Democrats of Mason County: Your County Executive Committee respectfully direct:

First—that you assemble at customary places within your respective voting precincts Saturday, May 14, 1892, at 2 o'clock p. m., and select delegates to attend county convention to be held at court house, Maysville, Monday, May 16, 1892, at 2 o'clock p. m., and which has been called for purpose of selecting delegates to represent Mason County in the State convention at Louisville, Wednesday, May 25, 1892.

Second—that you also select, at said precinct meetings, (Saturday, May 14), delegates to attend a county convention to be held at court house, Maysville, Monday, May 16, 1892, at 11 o'clock a. m., for purpose of selecting delegates to represent Mason County in the district Senatorial convention, which convenes at Maysville, Monday, May 16, 1892, at 2:30 o'clock p. m., and which has been called to select Democratic nominees to fill the vacancy caused by the resignation of Hon. C. B. Poynett.

By order of Mason County Democratic Executive Committee. J. N. KEHOE, Chairman.

GEORGE W. ROGERS, Secretary.

OFFICIAL CALL FOR SENATORIAL CONVENTION.

To the Democrats of the Thirty-first Senatorial District of Kentucky: You are hereby notified that a Democratic convention will be held at Maysville, Ky., on Monday, May 16, 1892, at 2:30 o'clock p. m., for the purpose of nominating a candidate for State Senator, to fill the unexpired term of Hon. Charles B. Poynett. The basis of representation will be one delegate for each one hundred votes cast for Governor Brown at the August election, 1891. Owing to the limited time, it is suggested that the precinct conventions be held on Wednesday, May 11, the county conventions on Saturday, May 14, and that the basis of representation be one for every twenty-five votes for Governor Brown in August, 1891.

T. B. HARRISON, Chairman.

JAMES S. GARDNER, Secretary.

### KENTUCKY CROPS.

What the State Weather Service Has to Say of the Outlook—Farmers in Fine Spirits.

The weekly crop bulletin of the Kentucky State Weather Service, in co-operation with the United States Department of Agriculture, for the week ending May 6, is as follows:

"The weather conditions of the past week were exactly what were most desired for the benefit of all crops and for the progress of farm work. The temperature and sunshine showed a large excess throughout the State, and the amount of rainfall was very near the normal. Thunderstorms, accompanied by heavy showers, were quite general, but the periods of warm sunshine which followed them dried the ground quickly and rendered it fit to work.

"Wheat, oats and grasses have made very rapid progress, and the present outlook for these crops could not be more promising.

"Tobacco plants are very plenty, and their quality is improving, and with a good setting season, the prospects for the crop will be excellent.

"Corn planting is about completed in the western and southern counties, but some yet remains to be done in other sections of the State.

"Farmers are still somewhat behind with their work, but with ten days more of good weather, will have entirely overcome the delays caused by recent heavy rains."

### Here and There.

Mrs. J. T. Kackley returned last evening from a visit to Cincinnati.

Mr. and Mrs. H. Lloyd Watson returned last evening from their bridal trip East.

Mrs. Henry Isgrig and son, of Paris, after a visit to the family of H. C. Sharp, returned home this afternoon.

Mrs. B. L. Williams, of New Richmond, and Mrs. W. J. Warder and children, of Chicago, are guests of Mr. and Mrs. R. C. Kirk.

Mrs. Mary C. Potts and Mr. W. C. Payne's children have gone to Hillsboro on a visit. They accompanied Mrs. Matie T. Jones home.

Judge Wall has returned from the funeral of his sister-in-law, Mrs. James H. Buckner, of Walnut Hills, Cincinnati. Mrs. Wall is still with her brother, Dr. Buckner, but will return on Thursday.

### County Court.

P. B. Owens and O. N. Weaver, Justices, and W. C. Pelham, Surveyor, were appointed a committee to view the proposed route of the Big Pond turnpike, and make report.

The sum of \$20 each was allowed and ordered paid out of county treasury to the committees of Eli Prather, Margaret Usher, Amy Gray and Maria Payne, paupers, that sum being the county's portion of the annual allowance of \$75. John Ryan is the committee of the first three and J. G. Lee of the last named. The State pays \$55 to each of the paupers, but this is not done until the county's portion has been paid over.

### River News.

The Iron Queen handled 215 passengers on her last trip.

The Andes, bound for Pittsburgh, met with an accident Monday at Ravenswood that disabled one of her engines. She returned to Cincinnati for repairs.

The big Boston will be the Pomeroy packet next Sunday night. The Telegraph will likely find out Monday that she's not the only fast boat on the Ohio.

There are 18,000 men employed in navigating 1,114 steamers and 6,339 barges on the Mississippi and tributaries, and they earn on an average \$350 each per annum, or a total in a year of \$5,350,000.

### New Officers.

The annual election of officers of the People's Building Association was held Tuesday, with the following result:

President—W. LaRue Thomas.

Vice President—Charles B. Pearce.

Secretary—Robert L. Baldwin.

Treasurer—John Duley.

Attorney—Clarence L. Sallee.

Directors—Charles B. Pearce, Jr., James H. Sallie, Horatio Ficklin, George W. Rogers, E. A. Robinson, Louis Ross, R. L. Browning, L. C. Blatman, Samuel B. Chunn, W. T. Cummings, and J. Banks Durrett.

### When Traveling.

Whether on pleasure bent, or business, take on every trip a bottle of Syrup of Figs, as it acts most pleasantly and effectively on the kidneys, liver and bowels, preventing fevers, headaches and other forms of sickness. For sale in 50 cents and \$1 bottles by all leading druggists.

### Created Dissatisfaction.

The Town Council of Owingsville passed an ordinance at their last meeting, imposing a fine of \$100 for any traveling doctor or dentist to practice medicine or dentistry in any of its branches within the town limits. The ordinance has created quite a good deal of dissatisfaction.

### Notice.

The Board of Council will meet Friday, May 20th, at 7:30 p. m., to hear appeals from assessment for the year 1892.

MARTIN A. O'HARE, City Clerk.

Mrs. Anna Hunter Jefferson, one of the attractive widows of Bourbon, and her handsome son, Jimmie Tarr, were guests of the Proctor-Wood families, of Shannon, last week. Garrett Small and Lutie Proctor, the other members of the trio of children, were left at home with their grandparents, Mr. and Mrs. James Hunter of Millersburg.

An unusual opportunity now afforded to visit the attractive cities of Portland, Oregon, and Hot Springs, Ark., via C. and O. One fare for the round trip from Maysville to Portland, \$76.75; to Hot Springs only \$20.85. Portland tickets on sale May 9 to 14, inclusive, with ninety days limit. Hot Springs tickets on sale May 16 and 17, limit thirty days.

REV. R. B. GARRETT, for many years pastor of the Baptist Church, this city, but now residing in Austin, Texas, is expected to arrive to-day and visit his old charge. He will conduct the services at the prayer meeting Thursday night, and preach for the congregation next Sunday morning at 11 o'clock and Sunday evening at 7:30. The public cordially invited to attend these services.

At Rome, O., Monday morning, some workmen were engaged in grading where an old blacksmith shop once stood, when they discovered a skeleton that measured six feet inches in length. The skull was crushed, and the clavicle broken in two places. It is supposed to be the remains of James C. Colby, a commercial drummer, who was last seen near that place, but has never been heard from since. He was probably murdered and buried in the shop. The shop was afterward burned to hide the place of burial.

### Washing Little Indians.

We were camped at the Hot Springs on the Lo Lo trail, made famous in Indian annals by the escape of Chief Joseph and his band of Nez Perces. Just above us was a large camp of Flatheads who were making their fall hunt. One morning we were awakened by shouts and cries. Evidently there was great excitement somewhere, and we promptly jumped up. It was just after daylight and cold clouds of steam were rising from the big basin shaped pool at the foot of the granite wall, from which poured a thick stream of boiling water. The pool was so large that at the lower edge the water was almost cold. The nearer you approached to the place where the water burst from the rock the better chance you stood of getting boiled.

At the edge, at a point where the water was of a comfortable temperature, stood two Indians, one on the bank and the other on a stone in the water. Near by were a dozen other Indians guarding a number of little Indian boys and girls who had nothing on and were howling and crying.

When we looked out of the tent the two Indians at the pool had an Indian boy, one holding him by the feet the other by the hands, and were gravely swinging him backward and forward through the warm water, while he yelled at every dip. As soon as they had finished with him he was set upon the bank, and ran to the willow brush near by.

Then the noise redoubled, for each child in the group guarded by the Indians feared that it was his turn. They all tried to escape to the brush, but their elders pursued and caught them, until the very last one had been put through the cleansing process.—New York Sun.

### Big Field Guns and Their Effect.

If you insist on high velocity you have to add so much additional machinery to your gun carriage and have to so greatly strengthen its construction that you destroy its mobility, while even if you gain a long range you are still unable to make use of your most efficient projectile at it. Moreover, since the remaining velocity of its shrapnel is a truer measure of the value of a gun than its initial velocity, and the two are by no means directly proportional, it does not follow that we benefit as much as we might expect by submitting to these disadvantages. Thus, the 12-pounder has an initial velocity of over 1,700 feet per second and a remaining velocity of 8,000 yards of 863 feet; while the 13-pounder, with an initial velocity of only 1,560 feet, has at the same range a remaining velocity greater by six feet per second than that of its rival.

One of our highest authorities on field artillery has, indeed, recorded his opinion, that, as regards the efficiency of shrapnel, we gain nothing by the increased muzzle velocity of "the best field gun in Europe" at all practical ranges. Moreover, it is the attempt to squeeze out the last few extra feet that does all the harm.—London Saturday Review.

### MAYSICK.

We had some warm April showers last week, which is putting forward vegetation.

Jonathan Myall, of Hutchinson Station, Bourbon County, is here visiting relatives.

William E. Myall has tobacco plants large enough to set out, and plenty of them.

There will be preaching in the Baptist Church next Sunday morning at 11 o'clock by a new man.

Miss Anna Myall, who has spent the winter with friends and relatives in the upper counties, is home again.

The feather down from the silver poplars is giving the ladies a good deal of trouble cleaning and sweeping out.

We had a fine rain on Monday afternoon. A good tobacco season and some plants set out. Billy Myall is ahead.

Miss Bettie McAtee, one of our society ladies, left for Cincinnati last Monday morning to visit her sister for a few weeks.

If you want plenty of eggs and healthy chickens feed them plenty of Pratt's poultry food. For sale by J. A. Jackson.

There were seventy-five at the dining at William E. Myall's last Thursday—all Myalls and their children, grand and great-grandchildren.

Edward Myall, an ex-Representative of Bourbon County, and son Frank, who have for many years been living in California, are here visiting relatives.

For the best binder and mower, call on J. A. Jackson and get the Whiteley harvesting machines, decidedly the best and simplest on the market. Call and see them.

One man came into J. A. Jackson's store last week, called for his account and paid it. Jackson has been making big chalk marks ever since. He is looking for others to slip in soon.

Don't forget Rev. Williams, a missionary from China, will lecture in the Christian Church next Sunday night at early lamp lighting. Admission free. All are invited to be present. President Loos, of Lexington, will be with him.

A general Myall dinner was given last Thursday at the home of William R. Myall. The writer was honored with an invitation to partake of the bountiful repast, but owing to the press of business and feebleness of health we had to forego the pleasure. We tender our regrets.

## LICENSES.

Provisions of the New Revenue Bill on This Important Subject.

What it Will Cost to Engage in Certain Occupations or to Sell Certain Articles.

The article on "Licenses" in the new Revenue and Taxation bill is an important one. As adopted by the House it is as follows:

"Before engaging in any occupation or selling any article named in this and Section 2 of this Article, the person desiring to do so shall procure license and pay tax thereon as follows:

"To keep a tavern, \$10.

"To keep a tavern with the privilege of retailing malt liquors, \$50.

"To keep a tavern with the privilege of retailing spirituous and vinous liquors, \$100.

"To keep a tavern with the privilege of retailing spirituous, vinous and malt liquors, \$150.

"To retail malt liquors, \$50.

"To retail spirituous and vinous liquors, \$100.

"To retail spirituous, vinous and malt liquors, \$150.

"To persons who are distillers of spirituous liquors in good faith, to retail spirituous liquors of their own manufacture at their distillery, in quantities of not less than one quart, the liquor not to be drunk on premises, or adjacent thereto, \$75.

"To persons who are manufacturers of vinous liquors in good faith, to retail vinous liquors of their own manufacture at the place of manufacture, in quantities of not less than a quart, and not to be drunk on the premises, or adjacent thereto, \$25.

"To persons who are merchants in good faith, engaged in carrying on a bona fide mercantile business other than the sale of liquors by retail, to retail spirituous liquors at their storehouse, in quantities of not less than a quart, the liquor not to be drunk on the premises, or adjacent thereto, \$75.

"To persons who are druggists in good faith, to retail spirituous and vinous liquors at their drug stores, in quantities of not less than a quart, the liquor not to be drunk on the premises, or adjacent thereto, and to sell in quantities less than a quart, for medicinal purposes only, on the prescription of a regular practicing physician, \$75.

"To sell playing cards, \$5.

"To sell pistols, \$50.

"To sell bowie knives, dirks, brass knucks and slung shots, \$50.

"To sell cigarettes, or cigarette material, \$300.

"To keep a room or saloon in which billiards, pigeon-hole or pool tables are kept, for the use of which a price is charged, \$30 for the first table and \$20 for each additional table.

"To engage in the business of a pawnbroker, \$300.

"To the keeper of a ten-pin or bowling alley, for the use of which a price is charged, \$40, if the population exceeds ten thousand, if under that number, \$20, and the same rate for each alley or ball-way.

"Circuses, menageries or other exhibitions displayed under canvas, \$1 for each one hundred voters of the county in which the exhibition is given, and the same amount for each separate exhibition to which an admission fee is charged; but the whole amount of the tax shall not exceed \$50 for each exhibition; and each side show, when a separate fee is charged, shall pay tax as a separate show.

"The exhibition solely of trained or educated animals per day, where an admission fee is charged, \$5.

"To stand a stud-horse, jack or bull, a sum equal to the greatest sum charged for the service of the animal, whether the same be for the season or for insurance. The license for breeding stock shall expire on the 31st day of December after it is granted. The applicant for such license shall state on oath the largest amount he intends to charge, directly or indirectly, for the service of the animal, and if in property or other thing, the value thereof.

"If any such animal be purchased or brought into this State from one county to another by a citizen of this State, between the 1st day of July and the 1st day of December, in any year, the tax on the license until December 31, after the purchase or removal, shall be the proportion to the annual tax as the time for which the license has to run bears to the whole year. All persons making application for such reduced license shall make and file with the Clerk an affidavit stating when such animal was brought into the State, or another county, and the name of the owner or owners and their residence.

"Peddlers of articles on which a license tax is required by law shall pay the fol-

lowing license for peddling in the entire State, except as hereinafter provided:

"One person with two-horse wagon, \$50.

"One person with one-horse wagon, \$40.

"One person on horseback, \$30.

"One person on foot, or each person who may accompany a peddler with a wagon, \$20.

"To peddle in one county of this State, one-fourth the tax required for the entire State.

"The license tax of peddlers of lightning-rods, or vendors of patent rights or territory for the sale or manufacture of patent rights or articles, shall be twice the amount of other license tax as provided in this section."

### THE MAYSVILLE SANITARIUM.

Headquarters Secured in Cox Building, and the Company Commences Business.

At a meeting of the officers and directors of the Maysville Sanitarium Company last evening the medical staff were authorized to secure headquarters.

This they have done, and the Sanitarium is located in the Cox Building, the three rooms in rear of Captain Hutchins' office, over the postoffice, having been secured.

The headquarters were fitted up this morning, and the Sanitarium was opened at noon to-day with four patients, who are being treated for the liquor habit.

The physicians composing the Medical Staff are a guarantee that there is no "quackery" about the treatment. The medicines used are compounded by Mr. John C. Pecor, one of Maysville's leading druggists. The cure used has been tested elsewhere and has proven successful.

The members of the company are highly encouraged at the outlook.

REV. C. S. LUCAS will deliver a lecture at the Christian Church in the early future on the subject of "Ears." The date has not been fixed. Admission only ten cents. Proceeds for the benefit of the Christian Endeavor Society.

## THE LEGISLATURE.

Bill Introduced Requiring Sales Under Judgment to Be Advertised in a Newspaper.

An act was introduced in the House Tuesday morning requiring that all sales of real or personal property made under order of court or execution where the amount involved exceeds \$500 shall be advertised in a newspaper in the county once a week for three consecutive weeks. The compensation shall not exceed \$1 per inch for the first insertion and twenty-five cents per inch for each additional insertion, the whole amount not to exceed \$6. The court is to select the paper in which the property is to be advertised.

An act was also introduced to authorize counties to issue bonds at a rate of interest not to exceed 6 per cent., to pay outstanding indebtedness.

Dr. Woods introduced a resolution requesting the Revisory Commission to draft a bill providing a list of salaries and a system of incidentals for the various State officers and State departments. The resolution was adopted.

The Committee on Circuit Courts reported a substitute for the Stenographer's bill. The substitute increases the compensation of the stenographers, and is endorsed by the courts of the State.

Section one of the new revenue bill was taken up, and Mr. Pettit began his fight against the half cent tax for the A. and M. College. Mr. Pettit contended that the Legislature has no right to tax the people of the State, except for the common schools.

Mr. Whitaker was on the side of the college. He said thirty-eight States out of the forty-four have such colleges, and it would be a burning shame to abolish the one located at Lexington.

Mrs. Mary Brown Day was re-elected State Librarian Tuesday at a joint session of the Senate and House.

The Senate confirmed the nomination of C. J. Norwood, recently appointed Inspector of Mines.

The Senate passed the Revisory Commission's bill on heirs and devisees.

WHEN you start out to select a wedding present for a friend, don't fail to call at Ballenger's jewelry store. He has an elegant lot of solid silverware and other articles very appropriate for such gifts.

THE new M. E. Church, South, at Ashland was dedicated a few days ago, Bishop Granberry officiating. It cost \$22,000. On the day of the dedication \$2,900 was collected to aid in paying off the indebtedness.

POSTMASTER FELIX FLANNERY and Assistant Postmaster Carroll, of Alpharetta, Floyd County, and Lumby Price, Postmaster at Pikeville, have been arrested, charged with stealing checks from the mails.

MESSRS. JOHN WALSH, John Day, George Crawford and Postmaster Davis will leave for Washington City next Saturday night to arrange quarters for the G. A. R. delegation from this section during the National Encampment next September.

THE Kentucky Press Association convened in annual session yesterday, at Lexington, and the editors are being wined and dined in grand style by the hospitable people of that city. The meeting closes this evening with a ball and banquet at the Phoenix Hotel.

THE case of the Geo. F. Blake Manufacturing Company against the Maysville Water Company is on trial in the Circuit Court. The plaintiff made some repairs at the pump house, but the defendant claims that, owing to the negligence of the workman, the repairs are not worth what was charged for them.

SAYS the Covington Post: "Mr. J. W. Layton and Mrs. Lucy Overley, both of Maysville, were married at the residence of W. B. Rawlings, 430 Bakewell street, Monday evening, by Rev. W. S. ## EXPLOSION IN A MINE

Probably Fifty Lives Lost at Roslyn, Washington.

### THE EXACT NUMBER UNKNOWN.

One of the Greatest Disasters Ever Chronicled on the Pacific Coast—Not One Escaped to Tell the Story of the Disaster—A List of the Victims So Far as Known.

ROSLYN, Wash., May 11.—At 1:45 o'clock yesterday afternoon a terrible explosion occurred in the slope of mine No. 2, of the Northern Pacific Coal Company at this point, in which the loss of life exceeded in number that of any other disaster that has ever been chronicled in the northwest or on the Pacific slope.

The exact nature of the explosion & the circumstances that led to it will probably never be known, since at this writing it is believed that every miner who was working in the slope at the time has perished. It is not definitely known as to the number of men who were in the vicinity of the disaster, but it is believed that between forty-five and fifty men were in the three levels that were affected by the explosion.

Large relief forces are at work and at this time two bodies have been recovered. These men are working nearest the opening and at some distance from the point where it is supposed the explosion occurred.

Most of the men were 1,500 to 2,000 feet further in the slope, and in the immediate vicinity of the accident. There is no doubt either in the minds of the miners or the company's officials, but that every man was instantly killed by the explosion.

Following is an authenticated list of the men who were at work on the three levels that were affected, and their condition as to being single or men with families:

Thomas Holmes, married.

John Foster, wife and baby.

Philip Davies, a large family.

Thomas Rees, large family.

John Rees, son of Thomas.

Will Robinson, wife and baby.

Robert Graham, wife and two children.

George Moses, leaves an orphan son ten years old.

A. Pollard, colored, married.

Jack Ferguson, a large family.

George Brooks, family at Streator, Illinois.

Joseph Worth, Sr., large family.

Joseph Ellsworth, Jr.

John Lafferty, single, aged sixty-five, owner of considerable property.

Dan McClelland, wife and three children.

Richard Forsythe, family.

Scott Miles, colored, married.

Pruss Loring, colored, married.

Andrew Erlandson, wife and four children.

Charles Palmer, wife and child.

Mitchell Hale, single.

Mitchell Roland, large family, brother of ex-Superintendent Roland.

Wilson Steel, family. Steel's son was working with his father, but came out last trip and escaped. He was knocked down by the force of the explosion.

William Hague, single, only support of mother and crippled sister.

Eben Olsifer, large family.

John Danko, Italian, with family.

Jake Weatherbee, late mine boss at No. 3, large family.

Joseph Brown, family.

Thomas Breden, leaves wife and five children.

Harry Campbell, single.

James Houston, colored.

Joseph Bennett, wife and two children.

William Bennett, wife and three children.

Joseph Ismay, son-in-law of ex-Superintendent Roland.

William Penhall, married.

Sidney Wright, brother of County Clerk Thomas Wright, family.

James Morgan, single.

Jack Bone, single, soon to marry a lady at Durham.

Herman Deuster.

### LABOR TROUBLES IN CHICAGO.

Non-Union Men Going to Work on the World's Fair Building.

CHICAGO, May 11.—One hundred iron workers from Pittsburg reached South Chicago yesterday on the way to the world's fair grounds to take the place of the striking structural iron workers there. Police Captain Jenkins and ten patrolmen met the party and escorted it to Jackson park. A demonstration of strikers had been expected, but the union men stood silently by and saw the new men take up the work on the manufacturers' building.

There was a rumor that a carload of iron workers from Cincinnati on their way to the world's fair grounds had been switched off at One Hundred and Fourth street by union switchmen to prevent their going to work. This proved unfounded.

James Goudie, Sr., Dead.

CHICAGO, May 11.—James Goudie, Sr., a prominent citizen, is dead. He built the first boat to cross the Atlantic by steam power alone. The boat was the Royal William, which made the trip from Picton, N. S., to Gravesend in 1833. He was eighty-three years old and leaves a wife and six children all living in Chicago.

Marriage a Failure with Him.

BALTIMORE, May 11.—After fifty years of married life, Samuel N. Copper has concluded that marriage is a failure, and yesterday applied for a divorce from his wife, Ellen, on the ground of abandonment.

THE MORNING  
No Confirmation of the Rumor That It Has Broken.

NEW ORLEANS, May 11.—So far there is no confirmation of the rumored break in the Morganza levee. Nothing has been received at the state engineer's office. The Texas and Pacific Railroad company has received a number of messages from points along their road, all saying that nothing is known of the reported crevasse. The officials of the road do not believe there is any truth in the rumor.

Assistant State Engineer H. B. Thompson does not believe that Morganza levee has broken. He says: "That levee is the best on the Mississippi river. It is not only the highest and widest, but is the most carefully and substantially built. It has a ten-foot crown, a height ranging from twelve to twenty-five feet and a slope of four times the height. In some places the height is thirty feet. Besides this, there is a twenty-foot 'banquette' on the land side, built as additional protection, and a layer of buck-shot sand to prevent wave washing. The Morganza levee proper is about one mile in length and cost \$75,000."

"It is 175 miles above New Orleans, on the side other of the river, ten miles above the opposite Bayou Sara. The Morganza levee is just below the new Texas levee and so situated that the whole force of the water in the channel is directly against it. If it has broken, I estimate the damage at \$5,000,000."

The Concord Drag Her Anchor.

MEMPHIS, May 11.—The rapid current in the Mississippi river caused the United States gunboat Concord to drag her anchors and float nearly half a mile down stream yesterday. Considerable alarm was felt among owners of river crafts that the Concord would collide with their vessels and cause considerable damage. The anchors finally caught in the bed of the river and the vessel was brought to a standstill. Later on tugs brought the Concord back to her original anchorage.

MISSOURI RIVER DAMAGES.

ST. JOSEPH, Mo., May 11.—Railroad tracks are almost suspended on some of the lines running into this city on account of the floods. There has been no train in or out from the Santa Fe or Wabash since Saturday and no trains on the Turko Valley since Sunday morning. Other lines are badly troubled and running late. No farm work is being done in this vicinity. The Missouri has cut through the revetment work of the government above the city and is digging across the neck of land at a fearful rate. The chances are now that it will cut through, destroying the Grand Island and Rock Island main lines to the west and leave St. Joseph high and dry a mile away from the channel.

At St. Louis.

ST. LOUIS, May 11.—The Mississippi river is still booming, and from all indications the crisis has not yet been reached, and the probabilities are that it will not be in the next twelve hours. The river at this point has reached the 28.5 foot stage, the highest point since 1888, when 29.3 was reached. The Missouri river is rising very rapidly, and the prospects are that the Mississippi will soon present a very ugly appearance. A survey of the conditions on the upper Missouri, Illinois and Mississippi do not indicate that the flood will reach the danger line—thirty-two feet. The chances are that it will not go more than a foot higher.

At Louisiana, Missouri.

LOUISIANA, May 11.—The river here is now seventeen feet above low water mark, only five inches below the record of 1888, when the levee broke, causing a loss of over \$1,000,000 to the farmers on the Illinois side. Stock of all kinds is in a perilous situation on the Missouri side and in some places are being drowned within sight of the owners, who are unable to rescue them. At the Oliver farm on Salt river 250 hogs and fifty head of cattle were swept away in the mad current.

DAMAGE DONE IN NORTHERN OHIO.

TOLEDO, May 11.—The Maumee river has been higher for the last week than it has been since the big flood of 1888. The heavy rains have swelled its tributaries. The farmers along the river have suffered much by the washing away of live stock and fencing and the overflow of their farms. Dan Markley, a farmer living a few miles northwest of Defiance, was drowned in the Tiffin river last night. He was driving home from Evansport when his team went over an embankment. The greatest loss to property was sustained by D. F. Holsten & Son of Defiance, who lost several large rafts of hard wood timber. One of the rafts passing this city tore part of the bridge away and then ran into a fleet of pleasure yachts anchored in the river, sinking one. The loss to property all along the river will amount to about \$50,000.

Twenty Families Homeless.

PEKIN, Ills., May 11.—The wagon bridge is closed, the water being over the stone pier of the draw and it being considered unsafe. La Marsh drainage district is ruined. Twenty families have lost everything, their farms ruined and not a building on its foundation. The family of George Nichols, reported missing, has been found.

FLOODS IN TEXAS.

DENNISON, Tex., May 11.—This section of the state is fairly inundated, owing to the rainfall of the past fifty-six hours. Rivers and small water courses are on the rampage. Red river has nearly reached its high water mark and fears are entertained for the wagon bridge which has recently been completed at a cost of \$50,000. Thousands of acres are submerged, which will necessitate the replanting of corn and cotton crops.

RED RIVER OVERFLOWED.

PARIS, Tex., May 10.—The rains in the past few days have been almost unprecedented in this section. Red river is now beginning to leave its banks, with a big rise reported from above. There will be a great overflow and much damage to property.
